NB: 6-Day Standstill Rule – individually identified cattle and sheep are exempt from the 6-day standstill rule provided that they are isolated for 6 days (in a DEFRA-approved isolation unit) from all non-show animals on their resident holding before they attend their first Show. They can then move from show to show without triggering a standstill, return home between shows, and move to a further show Within 6 days provided they are kept isolated. When they return to their resident holding for the last time they will trigger a 6-day standstill on the premises unless they are isolated for 6 days. Alternatively, exhibitors may wish to isolate their whole herd, provided there are no movements on the farm within 6 days of the first show or last show. A 20-day standstill rule applies to pigs. If you have any queries on the above, please contact your local Animal Health Office.
